COLLECTIONS TRUST: WHAT

We help cultural heritage organisations to:

- Unlock the **full potential contained within** their collections
- Achieve internationally recognised **best practice standards**
- Engage with a wide range of **new audiences** worldwide
- Develop **new relationships** with colleagues both online and face to face
- Exploit the many **opportunities** presented by **new technologies**;
- Reduce **costs** and manage their collections **more efficiently**.

COLLECTIONS TRUST: HOW

We create and provide:

- **Standards**
 - [SPECTRUM](#): Collections Management
- **Publications**
 - [Practical Guides](#) on: collections management; copyright; documentation; pest management; governance
- **Events:**
 - [Upcoming](#): security; energy efficiency; museums and social media; insurance; OpenCulture 2013 conference (2nd-3rd July)
- **Services and Networks:**
 - See [Collections Link](#)

CT EC PROJECTS – Past

- Coordinator:
 - **Aquarelle** (Z39.50 search);
 - **Term-IT** (creating and implementing multilingual terminologies);
 - **EMII** (scoping a European museums information institute);
 - **EMII-DCF** (framework for using cultural content in research projects)
- WP Leader:
 - **Aquarelle** (SGML & Z39.50 search)
 - **Europeana Local** (standards & local content into Europeana)
 - **Athena** (standards & museum content into Europeana)

CT EC PROJECTS – Current

Coordinator:

- **ENUMERATE** (digitisation statistics);
- **Europeana Inside** (removing barriers to giving content to Europeana);
- **EMII** (digitising and enabling Art Nouveau content for Europeana).

WP Leader / Task Leader:

- **Linked Heritage** (linked data)
- **DCH-RP** (creating a roadmap for the preservation of digital cultural heritage)
- **EEXCESS** (getting content to the user rather than users to the content)
- **ATHENA Plus** [next slide]
